Finca Hotel Bosques de Samán is in the town of Alcalá, 26 km from Pereira, 27 km from Armenia, 15 km from the agricultural nature park PANACA, and 20 km from the Parque Nacional del Cafe.

From this magic farmhouse, you can see three departments-Quindio, Valle and Risaralda.

The hotel is certified by the Haciendas del Café quality club, and for the last 11 years' it has been providing accommodation to visitors, with 35 rooms in three separate buildings.

There is the “typical” house, which is a replica of the traditional homes of the region, with colorful corridors and ceilings, and décor which reflects the coffee culture; there is a “rustic” building, whose furniture is made of railway sleepers; and there is the “colonial” building, a delicate and enchanting piece of architecture.

This magical farmhouse looks out over the Departments of Quindío, Valle and Risaralda, a place to enjoy superb scenery, two pools, jacuzzi, sauna, Turkish baths, games for playing outside or inside, ecological trails, a climbing wall and the canopy, amongst other activities.

There is also an Events and Convention Room, holding 100. *"The adventure activities associated with corporate tourism are ideal to encourage teamwork, enhance decision-making and overcome obstacles, as well as improving the work performance of employees"* , says Martha Botero, Manager and owner of the Finca Hotel Bosques de Samán.

One of the attractions of this farm is the Canopy. It is a 2-kilometre overhead track, with seven stations, which allows you to glide across the coffee plantations, bamboo stands and heliconias, at speeds of up to 80 km per hour.

One of the highlights of this farm is flying high above the coffee plantations, over the most beautiful scenery.

The Hotel´s canopy is the highest and longest in Colombia (it has third-party general insurance). It offers an exceptional view of the region, and gives an incredible feeling of freedom and euphoria.

This is an unforgettable experience, which brings out the force and mystery of nature and extending out to infinity under your feet.
