

## Cayo Cangrejo

This rocky cay surrounded by coral and crystal-clear water is a favorite spot for the islanders and tourists alike: a magic place to match the splendors of the seascape around the island of Providencia.

## [Cayo Cangrejo](#) **La Regatta**

This restaurant La Regatta is perhaps the best on Providencia, with a long menu reflecting the wealth of ethnic and cultural traditions of the island. The exquisite flavor of the sea, the scenery, the beat of reggae.
