

Rural tourism in Café Triangle

The 1st Expo Tourism and Business Fair, which will take place in Dosquebradas, in the [Coffee Region](#), becomes an excellent showcase for the trade promotion and dissemination of the rural tourism product that is one of the greatest strengths of Dosquebradas.

The fair will make known the favorable prices offered by the tourist chain; the rural and urban lodging capacity, above 400 beds; and the ample and varied national and international cuisine offered by more than 15 restaurants that can take more than 800 people.

All of this proves that Dosquebradas has great possibilities for tourism projection in the region and the nation, stated the Mayoress of the Municipality, Luz Ensueño Betancur Botero.

Rural tourism in Coffee Region

1st Expo Tourism and Business Fair in Dosquebradas, Café Triangle

The objective of this first Expo Tourism and Business Fair in Dosquebradas is to create and institutionalize an event through which to promote and foster tourism in a way that values, recognizes, and potentiates interesting sites and natural and cultural attractions offered in the context of a historical heritage and based on the development of rural tourism.

The Fair's offer will include the following attractions:
