There is no doubt that this destination specializes in salsa: over 5,000 professional dancers and the title of World Salsa Tri-champions in contests performed in Cali and Las Vegas attest to the fact.

A visual, lively, dance experience

You can go beyond admiring salsa. Learn to dance it with the experts and take it back home with you. Learning to dance in Cali is considered a privilege. Group lessons in over fifty schools, the Salsa Circuit, and the Salsa Culture Tour are fun-filled entertainment options.
