Diving in San Andrés /Pic. [travelho](#)

The nearby Johnny, Acuario, and Haynes Cays are ideal for relaxing; the Bolívar and Albuquerque Cays, at some distance, become the frenzy of snorkelers and divers thanks to their large coral reefs. All of them contribute to rounding off the spectacular paradisiacal vocation of this destination.

## Nautical Sports

Windsurfing, kitesurfing, light sailing, and cruise and ski sailing, diving with out without oxygen tanks, aqua-biking, underwater and surface fishing.
